25X1A9A

1. On Friday of this week [] is visiting SAC. He will be accompanied by his assistant, [] who is TALENT cleared but not AQUATONE cleared.

2. In view of my own experience in being briefed at SAC last December, when [] was briefed, I would anticipate that inevitably some operational information about AQUATONE will be disclosed to []. I would think it infeasible to try to arrange to have [] excluded from any conversations which may touch upon AQUATONE.

3. Accordingly, I recommend that [] be given AQUATONE clearance prior to his departure.
